Under Section 2(f) & 12(B) of UGC

PREAMBLE

Sandip University, Nashik (hereinafter referred to as SUN) is an University of national importance with a vision, "To be one of the most preferred learning place to nurture future global leaders congenial to society" Mission of the University is, "To be a global leader in education & human development to bloom as a center of excellence in teaching, research & entrepreneurship. The University encourages its community to engage in a dialogue with society to be able to effectively contribute for the betterment of humankind".

History has shown that educational institutions across the globe have played an indispensable role in the phenomenal progress of humankind. In medicine or space, in technology or economics, battle lines are being drawn. To remain as a vanguard of discovery, one should be inquisitive like a scientist, resourceful like an engineer and creative like an artist. Sandip University, Nashik has promoted research and development activities with a vision and mission to pursue and promote research.

Major Objectives of Research & Consultancy cell:

- To create awareness and opportunities in Research and Development among the students & faculty and to create Research and Development atmosphere in every department (Focus on strength and Weakness of individual faculty)
- To create interest and atmosphere among the staff members to take up Research projects and improve their knowledge, skills and qualifications.
- Identification of staff interest and divided it into paper writing, proposal writing for research project, proposal writing for workshop/seminar/conference.
- Identification of published patent and finding their viability to convert it into commercialization product.
- To encourage staff members and students to publish technical papers for publishing in National and reputed International Conferences/Journals like Scopus/WoS by dividing the activity among each individual staff member.
- To assist for applying and getting funds from various available funding agencies like DST, SERB, UGC, CSIR, DRDO, ISRO, DBT, AICTE etc.

- To create effective links with government departments, authorities, business, and commerce and industry organizations relevant to the university research activities
- To develop and coordinate strategies for maximizing the faculty's success in gaining external research funding.

The policy of the Sandip University, Nashik to promote research culture in the University

- Financial assistance in terms of registration fees, TA/DA, etc for participation in National & International conferences (India and Abroad), workshops, seminars etc.
- Publication charges given for publishing papers in journals.
- Management extends full supports for the additional fund required for the completion of the externally funded projects.
- Encouraged to file Patents and financial assistance is provided for the same.
- Departmental Research & Consultancy budget supports research activities in the department.
- Providing infrastructure facilities like laboratories, library resources, Journals etc.
- Incentives and appreciation certificate are being issued for Research Award, Young Researcher Award and Innovative Teaching Award every year.
- Constituting research advisory committee.
- Consultancy revenue sharing policy is in place
- Faculty members are motivated to register and pursue the Ph.D. Program.
- Conducting awareness programs for preparing research proposals, IPR, Patent, etc., by inviting research experts from industries/academia.
- Granting financial assistance for students to develop/participate the innovative projects/products in International/National level competitions.

Funding for Research Project

The depth of Research & Consultancy culture, in any institution is judged by the number o grants approved and funds generated via various projects. A large number of new researcl

projects are initiated every year with funding from various national and internation governmental organizations and industries. The Research & Consultancy cell keeps the facult abreast of all such announcements for Research & Consultancy projects and encourages them submit proposals for funding.

A select few national and international funding agencies are,

- Aeronautical Development Agency (ADA)
- Aeronautical Research & Development Board (ARDB)
- All India Council for Technical Education (AICTE)
- Council of Scientific & Industrial Research (CSIR)
- Department of Atomic Energy (DAE)
- Department of Biotechnology (DBT)
- Defence Research & Development Organization (DRDO)
- Department of Science & Technology (DST)
- Board of Research in nuclear sciences (BRNS)
- Indian Space Research Organization (ISRO)
- Institution of Engineers (India) (IE)
- Ministry of Agriculture and HRD
- Ministry of Communications and Information Technology
- Ministry of Non-Conventional Energy Sources
- University Grants Commission (UGC)
- University of Pune
- Industry - IBM, TCS, Infosys, TATA Motors, Honeywell, etc.
- Modernization and Removal of Obsolescence (MODROBS)
- Women Scientists Scheme

Research Proposal Submission Guidelines

All the faculty members who intend to apply for Research & Consultancy projects and gran and all those who have obtained approval for their projects from various apex bodies, industri and universities shall follow the work procedure given herewith.

projects are initiated every year with funding from various national and international governmental organizations and industries. Research Proposal Submission Guidelines

All the faculty members who intend to apply for Research & Consultancy projects and grants and all those who have obtained approval for their projects from various apex bodies, industries and universities shall follow the work procedure given herewith.

1. Every research proposal shall pass through a multi-tier review, where the proposal shall first be reviewed by the PI/Co-PI themselves, then by the concerned Head/experts in the department, followed by other eminent researchers in the field. The proposal shall then be vetted by **Dean, Research and Director, Research & Consultancy** before submission to the funding agency.
2. It is advisable to have a faculty working in the same field, as Co-Investigator; for every proposal submitted for funding to external agencies. The faculty proposed as Co-Investigator, shall preferably be from the same department as the Principal Investigator.
3. All applications related with Research & Consultancy shall be routed through **the Dean, Research along with one hard copy for Research & Consultancy records.** A soft copy shall also **be emailed to the Dean, Research**; and the department representative in Research & Consultancy cell as well as the HOD shall be copied on the email.
4. Separate dead stock registers shall be maintained for all Research & Consultancy projects as well as externally funded projects in every department.
5. Principal Investigator and Co-Investigator shall ensure that the instruments, software, etc. purchased are secured in the laboratory/ department.
6. The entire sanctioned amount shall be utilized as per the guidelines of the funding agency.
7. In case the Principal Investigator leaves the University; all the items, instruments, software, etc. purchased shall remain as an asset of the University.
8. All departments Research & Consultancy coordinator must regularly and diligently update the Research & Consultancy information and achievements of their departments in the Research & Consultancy page on the University website through **Dean, Research and Director, Research & Consultancy**.

Precautions to be taken while choosing a Journal for Publication

- It is encouraged to publish in good quality open access journals
- Beware of a journal willing to accept almost every article as long as the author is willing

- It is encouraged to publish the results in the journals which are minimum three years old thus allowing evaluation of the scientific quality of the journal.
- Impact factors are listed in Journal Citation Reports (JCR) which may be accessed from Web of Science. Thomson Reuters site may also be used to ensure the scientific quality of a journal.
- SCImago Journal Rank (SJR) may also be used where the citation pagerank of a journal is calculated on the basis of the Scopus citation data divided by the number of articles published by the journal over J years.
- A copy of the publication must be submitted to the Dean, Research through Departmental coordinator.

Patents

Receiving patent of one's research work is one of the most important and influential factor to judge the quality of research. Full financial and legal assistance as per government Norms shall be provided to those who are interested in registering the patent. The patent shall irrevocably be registered in the name of Sandip University, Nashik's Sandip University of Technology & Research Centre with the researcher's name prominently featuring as the inventor. The commercial aspects shall be mutually worked out between the University and the researcher.

Research Awards

The Sandip University, Nashik follows a unique point based incentive scheme to reward the research work carried out by faculty in the respective year. The Sandip University, Nashik had provided various incentives to faculty members for attending workshops/seminars, paper presentations, etc. As decided from the year 2018 onwards, the Sandip University, Nashik is continuing the Awards for the year 2018 also to the faculty members for encouraging Teaching & Research activities.

Following Awards will be given to the faculty members of the Sandip University, Nashik

Sr. No.	Name of Award	No. of Awards	Price
1	Research Award	1	Rs. 40,000/-

2	Young Researcher Award	1	Rs. 20,000/-
3	Innovative Teaching Award	1	Rs. 20,000/-

The various points considered for research & consultancy incentives are tabulated below,

A committee will scrutinize the applications on the following criteria:

Criteria for Research Award:

All Faculty members holding the post of Assistant Professor & above in the University are eligible to apply.

Criteria for Young Researcher Award:

All Faculty members working in University below the age of the 40 years.

Marks Classification **100 marks**

(a)	Number of Publications during the year (1/7/2018 to 30/06/2019) Indexed journal by Scopus, Pubmed & Web Science (Case report, Review article, commentaries, photoquiz, pictorials CME shall not be considered while accounting to the total number of publications during the year.)	25 marks
(b)	Average Impact Factor as SJR index of all the publications during the year 1/7/2018 to 30/06/2019 (Proof should be enclosed)	20 marks
(c)	Research Grant Awarded 1. External Funding o International Level : 10 Marks o National Level : 5 Marks 2. DPU funding : 5 Marks (Mention grants (amount) received & utilized)	20 marks
(d)	Average Citation index as per Scopus & Pubmed	5 Marks
(e)	Significant Relevance of the Research work carried out during the year as reflected in the publications with principal findings as a two page write up	20 Marks

(f)	Patents 1. Patent Awarded / Accepted : 10 marks 2. If Patent succefully filed (with registration number) : 5 Marks	10 Marks

Criteria for Innovative Teaching Award

All the Faculty members holding the post of Assistant Professor & above in University are eligible to apply.

Classification of Marks: **100 marks**

(a)	Teaching Experience (1mark / year) with maximum	20 marks
(b)	Innovative and Empowering Pedagogical Practices from Thought to Action	20 Marks
(c)	Feed Back from Students	20 Marks
(d)	Extension Work/ member on editorial board/ National board/Reviewer/mass media etc	15 Marks
(e)	Total Publications till date (Indexed in Scopus / Pubmed / Web Science)	10 Marks
(f)	Participation in various activities of the University	15 Marks

Note: A Faculty who has got the award in the category of Research Award / Young Research Award / Innovative Teaching Award, is not entitled to apply for next three years in the same category.

SUN- Research Fellowship

Subject to the availability of exceptionally good candidate, there is provision of SUN-Research Fellowship (SUN-RF). The award and extension of fellowship will always be subject to actual release of funds from the management of SUN. The fellowship is applicable only for selected full-time Research Scholars who are not in receipt of any financial assistance from any source and are registered for Ph.D. Programs in various departments of the Sandip University. The duration of fellowships could be a maximum of 3 years and shall be Rs. 16,000 per month and Rs. 25000 per year as contingency grant. The selection of candidates for these fellowships shall be based on the performance in an interview by University Research Committee (URC).

The following shall be the members of URC:

a. Vice Chancellor – Chairperson
b. Dean (Academics) – Member
c. Deans of All Schools offering the Ph.D. Programme – Members
d. Controller of Examination – Member
e. Dean (Research) – member Secretary

Once selected, the performance of these fellows shall be subjected to continuous evaluation in every 6 months by a University Research Committee (URC) and tenure of the fellowship shall be terminated if the performance is not satisfactory. The assessment procedure to these SUN-Junior Research fellows is as follows:

1. **Monitoring and Assessment of the performance of SUN- Research Fellowship (SUN-RF)**

i. In the first semester the Ph.D. scholar has to register for Pre-Ph.D. course work to be prescribed by the Research Advisory Committee (RAC).

ii. The SUN-Junior Research fellow shall qualify all the Pre-Ph.D. course work within first two semesters after taking admission to the Ph.D. programme and shall obtain at least "B Grade", failing which the fellowship shall be terminated. However, the candidate can still continue to pursue Ph.D. programme as a self-financed student if he/she fulfils other requirements of the Programme.

iii. Whenever it is required, the SUN-Research Fellow has to undertake academic load at the UG/PG level preferably up to a maximum of 12 hr per

iv. The SUN-Research Fellow shall be subjected to continuous evaluation in every 6 months of performance which shall be evaluated by a University Research Committee (URC).

v. Based on performance, the URC may recommend upgrade/freezing/ or termination of fellowship.

vi. The fellowship shall be discontinued if the fellow is unable to publish at least one research paper per year based on his / her thesis work in a refereed journal of repute.

2. Leave

(a) Research Fellows are entitled for a maximum period of 30 days of leave in a year in addition to public holidays. They are not entitled to any other vacations.

(b) Women candidates are eligible for maternity leave of 90 days at full rates of fellowship once during the tenure of their award.

(c) In a special case, leave without Fellowship for a SUN-Research Fellowship holder is permitted up to one year during entire span of fellowship for accepting Internship outside city/abroad. The period of leave without fellowship will be counted towards the total tenure of the award. SUN-Research Fellows are advised to apply for leave through Research Supervisors well in advance for the leave approval.

(d) The leave duly recommended by the Head of the Department through Research Supervisor shall be forwarded to academic section in advance. The Departments concerned shall maintain proper leave records of each Research Scholar who have been granted Fellowship.

3. Cancellation of Fellowship

The Fellowship is liable for cancellation in the event of following:-

(a) Unauthorized absence without any permission or leave granted by the Head of the Department;

(b) On the grounds of reported misconduct;

(c) Not making any progress in his/her research work after review in six months if reported by the University Research Committee (URC);

(d) Switch-over from Full-time to Part-time Course by the Research Scholar

(e) If a SUN-Research Fellow withdraws/leaves the Sandip University in the mid-session without completing the Ph.D. Programme or switch-over from Full-time to Part-time Course, the entire amount paid to him / her towards fellowship need to be returned by the SUN-Research Fellows**.**

(f) Furnishing of any false information/affidavit etc for the award of Fellowship from the University.

(f) Candidate if found employed during Ph.D. Research.

(h) Failure to obtain at least "B Grade", Course-Work examination two times consecutively.

For all other matters, the SUN academic guidelines in this regard shall be applicable.

23 October 2019

SANDIP UNIVERSITY

Yours Sincerely

(Dr. Chetan Chaudhari)
